

## OEM ODM CNC Stainless Steel Turned Components For Industrial Equipment Shipping

Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

### Product Specification

- Highlight: CNC Stainless Steel Turned Components, OEM Stainless Steel Turned Components

## Product Description

### Product Description:

CNC Stainless Steel Parts are precision machined parts manufactured from stainless steel materials. These parts feature excellent corrosion resistance, durability, and strength, making them ideal for use in a wide range of industrial applications. With the highest degree of accuracy and precision, our CNC stainless steel parts can be customized to meet the most demanding requirements. We can offer OEM/ODM services, with a lead time of 7-15 days and tolerance of  $\pm 0.01\text{mm}$ . Our engineers can work with different drawing formats such as PDF, DWG, IGS, and STP for the perfect CNC stainless steel machining service.

At our company, we specialize in precision machining of high-quality stainless steel CNC parts. With years of experience in CNC machining and stainless steel parts manufacturing, our team is capable of providing the highest-grade stainless steel machined parts and components with superior accuracy and repeatability. Our advanced CNC machining capabilities and state-of-the-art equipment allow us to offer high-precision stainless steel CNC machining services to our customers.

### Features:

**Product Name:** CNC Stainless Steel Parts

**Drawing Format:** PDF/DWG/IGS/STP

**Processing Method:** CNC Machining

**Surface Treatment:** Polishing

**Size:** Customized

**MOQ:** 1 Piece

**Special Feature:** Stainless Steel Machined Part, Stainless Steel Machined Part, CNC Stainless Steel Fabrication, CNC Stainless Steel Machining

### Technical Parameters:

Attributes	Specification
MOQ	1 Piece
Application	Industrial Equipment
Shipping	By Sea/Air/Express
Lead Time	7-15 Days
Drawing Format	PDF/DWG/IGS/STP
OEM/ODM	Acceptable
Tolerance	$\pm 0.01\text{mm}$
Inspection	100% Inspection
Processing Method	CNC Machining
Surface Treatment	Polishing
Product	Stainless Steel CNC Machined Part, High Quality Stainless Steel Part, Stainless Steel CNC Machined Part with Tolerance $\pm 0.01\text{mm}$

### Applications:

YWY CNC303 stainless steel parts have a wide range of applications in many industries. These parts are usually made through a CNC machining process. They can be used in automotive, food processing, medical, and aerospace industries. They are also used for various purposes in industrial processes, such as welding, cutting, drilling, and forming. YWY CNC303 stainless steel parts are highly efficient and durable, making them ideal for a wide range of applications. With a minimum order quantity of one piece, YWY CNC303 stainless steel parts can be customized to meet any customer's needs. YWY CNC303 stainless steel parts are also available in various surface treatments, such as polishing, to enhance the product's appearance and performance. YWY CNC303 stainless steel parts are ideal for any project, as they offer superior strength and corrosion resistance. YWY CNC303 stainless steel parts can be shipped by sea, air, or express to ensure fast and safe delivery. YWY CNC303 stainless steel parts are perfect for any fabrication or machining projects, as they are highly reliable and provide excellent performance. These parts are ideal for fabricating and machining stainless steel fabricated parts, stainless steel machined parts, and stainless steel CNC machining parts. YWY CNC303 stainless steel parts are the perfect choice for any application.

**Customization:**

CNC Stainless Steel Component Customized Service  
Brand Name: ywy  
Model Number: cnc303  
Place of Origin: Guangdong, China  
OEM/ODM: Acceptable  
Material: Stainless Steel  
Size: Customized  
Package: Carton/Wooden Box  
Tolerance: ±0.01mm  
We provide CNC Stainless Steel Component Customized Service, including Stainless Steel CNC Component, Stainless Steel CNC Component Customized Service and more.

**Support and Services:**

We provide technical support and service for CNC Stainless Steel Parts. Our team of experienced professionals can help you with the following:  
Design & engineering consultation  
Troubleshooting and repair of parts  
Identification and replacement of defective parts  
Custom fabrication and machining of parts  
Assistance with installation and maintenance
