

Polished Turning CNC Titanium Parts For Aerospace 100% Inspection

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Tolerance: $\pm 0.01\text{mm}$
- Service: OEM/ODM
- Processing Method: CNC Machining
- Application: Industrial, Medical, Aerospace, Etc.
- Payment Term: T/T, Paypal, Western Union
- Material: Titanium
- MOQ: 1 Piece
- Size: Customized
- Highlight: **Polished CNC Titanium Parts,
Turning CNC Titanium Parts,
Polished CNC Turning Parts**

Product Description

Product Description:

CNC Titanium Parts Machining – Customized, Low MOQ, Industrial, Medical, Aerospace Use

We offer CNC Titanium Parts Machining services with 100% inspection and customized sizes. Our titanium machined parts are used in many industries, including medical, aerospace, industrial, and more. We provide low MOQ and high-quality titanium parts with superior finish.

We specialize in CNC machining of titanium parts with the highest precision and accuracy. Our experts use the latest machinery and equipment to deliver parts that meet your exact specifications. Our experienced engineers can help you design and develop any complex titanium parts to meet your needs.

We have a wide range of titanium materials to choose from, including grade 2 titanium, grade 5 titanium, and grade 9 titanium. Our titanium machined parts can come in various sizes, shapes, and materials. We are committed to delivering parts that meet the highest standards of quality and precision.

We have a team of skilled professionals and experienced engineers who are dedicated to providing you with the best customer service.

We use the latest technology to ensure that all our titanium parts are delivered on time and meet your highest expectations. Our goal is to provide you with the best quality titanium parts and machining services at the most competitive prices.

Contact us today to discuss your titanium parts machining needs and let us help you bring your ideas to life.

Features:

Product Name: CNC Titanium Parts

Drawing Format: PDF/DWG/IGS/STP/X_T

Size: Customized

Payment Term: T/T, Paypal, Western Union

Heat Treatment: Annealing/Normalizing

Tolerance: $\pm 0.01\text{mm}$

CNC Titanium Machining Parts

Titanium Parts Machining

Titanium Machined Components

Technical Parameters:

Parameter	Details
MOQ	1 Piece
Service	OEM/ODM
Application	Industrial, Medical, Aerospace, Etc.
Heat Treatment	Annealing/Normalizing
Size	Customized
Processing Method	CNC Machining
Surface Treatment	Polishing
Tolerance	$\pm 0.01\text{mm}$
Packaging	Carton/Wooden Case
Material	Titanium
Keywords	Titanium Machined Parts, CNC Titanium Machining Components, CNC Titanium Machining Parts

Applications:

YWY CNC Titanium Parts are designed to provide high precision and superior strength for many industrial, medical, and aerospace applications. Our CNC titanium machining parts and components are made with 100% pure titanium, and customized to meet the exact specifications of each customer. YWY utilizes an advanced CNC machining process to ensure superior quality, excellent performance, and reliable operation for all of our CNC titanium parts and components. Each part is subjected to rigorous inspection to guarantee superior quality and accuracy. Additionally, YWY offers a variety of heat treatment options, such as annealing and normalizing, for our CNC titanium machining parts and components. All of our CNC titanium parts and components are highly durable and will provide excellent performance in any application. With YWY, you can expect superior quality and reliable operation from our CNC titanium machining parts and components. OEM/ODM services are available to meet your custom needs.

Customization:

Customized CNC Titanium Parts from YWY (CNC505) are available with the following features:
Place of Origin: Guangdong, Huizhou
Drawing Format: PDF/DWG/IGS/STP/X_T
Heat Treatment: Annealing/Normalizing
Size: Customized
Tolerance: $\pm 0.01\text{mm}$
Packaging: Carton/Wooden Case
YWY specializes in CNC Titanium Components, Titanium CNC Components and CNC Machined Titanium Parts.

Support and Services:

CNC Titanium Parts Technical Support and Service
We provide technical support and service for our CNC Titanium Parts. Our team of experienced engineers and technicians are available to provide technical advice and troubleshooting assistance. We also provide installation and repair services, as well as spare parts if needed.
