

Zinc Alloy Aluminium Die Cast Parts

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Processing: Die Casting, CNC Machining, Etc.
- Weight: 0.1-50kg
- Design: 3D/2D Drawing
- Payment: T/T, L/C, PayPal, Etc.
- Mold Life: 50,000-1,000,000 Shots
- Surface Finish: Polishing, Anodizing, Plating, Painting, Etc.
- Shipping: By Sea/Air/Express
- Application: Automotive, Electronics, Industrial, Etc.
- Highlight: Zinc Alloy Aluminium Die Cast Parts Zinc Alloy Aluminium Die Cast Parts , Zinc Alloy Aluminium Die Cast Parts

Product Description

Product Description:

Die Casting Components are a kind of casting parts that made by die casting. It can be made of various metals, such as sand castings, zinc alloy castings and magnesium alloy castings. With precision die casting technology, we can guarantee the die casting parts with high quality, accuracy and repeatability.

The pressure of die casting can range from 0 to 500T. The tolerance of the parts can reach $\pm 0.01\text{mm}$. The life of die casting molds can be up to 50,000 to 1,000,000 shots. We accept various payment methods like T/T, L/C, PayPal, etc. Both 3D/2D drawing and 3D/2D models are available for design.

Features:

Product Name: Die Casting Components

Shipping: By Sea/Air/Express

Mold Life: 50,000-1,000,000 Shots

Application: Automotive, Electronics, Industrial, Etc.

Surface Finish: Polishing, Anodizing, Plating, Painting, Etc.

Material: Aluminum, Zinc, Magnesium, Copper, Etc.

Zinc Alloy Castings

High-pressure Die Castings

Gravity Castings

Technical Parameters:

Parameter	Details
Application	Automotive, Electronics, Industrial, Etc.
Payment	T/T, L/C, PayPal, Etc.
Weight	0.1-50kg
Lead Time	7-15 Days
Pressure	0-500T
Processing	Die Casting, CNC Machining, Etc.
Package	Wooden Case/Pallet
Mold Life	50,000-1,000,000 Shots
Surface Finish	Polishing, Anodizing, Plating, Painting, Etc.
Size	Customized
Main Products	Aluminum Alloy Castings, Die Casting Molds, Gravity Castings, Sand Castings

Applications:

YWY brand die casting components have a wide range of applications and scenarios. Made of high quality materials, including low-pressure castings, sand castings, magnesium alloy castings, zinc alloy castings, aluminum alloy castings, and more, our die casting components are manufactured with precision and accuracy. With a model number of YWY444, our die casting components feature a surface finish of polishing, anodizing, plating, painting, and more. With a tight tolerance of $\pm 0.01\text{mm}$, our die casting components can be shipped by sea, air, or express. Our highly experienced team has a highly advanced process of die casting, CNC machining, and more. Thanks to our sophisticated technology, we can guarantee a mold life of 50,000-1,000,000 shots.

Customization:

Die Casting Components Customized Service

Are you looking for die casting components? YWY is a leading manufacturer of die casting components with brand name YWY and model number YWY444. Our die casting components come with low-pressure castings and metal injection moldings and are made from high-quality materials. With precision tolerance of $\pm 0.01\text{mm}$ and pressure of 0-500T, our die casting components are suitable for automotive, electronics, industrial and etc applications.

YWY die casting components have a mold life of 50,000-1,000,000 shots and are packed in wooden cases or pallets. Our components offer superior performance and reliability for a wide range of applications.

Contact us today to learn more about our die casting components custom service.

Support and Services:

Die Casting Components Technical Support and Service

We are committed to providing our customers with reliable technical support and service for their die cast components. Our team of experts is available to help with any technical issues you may be experiencing. We provide comprehensive solutions to ensure that your die cast components are performing at their best and that you are getting the most out of them. We offer a range of services, including design assistance, troubleshooting, installation, and repair. Our team of experienced engineers can help you maximize the performance of your die cast components. We also offer preventive maintenance services to help you identify and address potential problems before they become costly repairs. We strive to provide our customers with the highest level of service and support. If you have any questions or concerns about your die cast components, please don't hesitate to contact us. We are here to help.
