

## Anodizing Customized Aerospace CNC Milled Metal Parts

Our Product Introduction

For more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

### Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

### Product Specification

- Product Size: Customized
- Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.
- Drawing Format: PDF, IGS, STP, DWG, Etc.
- MOQ: 1 Piece
- Processing Method: CNC Turning Milling
- Advantage: High Precision, Fast Delivery, Etc.
- Application: Automotive, Aerospace, Etc.
- Material: Stainless Steel, Aluminum, Brass, Etc.
- Highlight: **CNC Milled Metal Parts,**  
**Aerospace Milled Metal Parts**

## Product Description

### Product Description:

CNC Turning Milling Parts is a kind of customized parts fabricated with CNC milling and turning processes. It features high accuracy, superior quality and excellent performance, which makes them applicable in various automotive and aerospace industries. The OEM/ODM service is available, and the lead time can be 7 to 15 days. The minimum order quantity is 1 piece, and the package can be customized carton or wooden case, etc.

Our CNC Turning Milling Parts are highly praised for its superior quality and accuracy to meet the requirements of demanding applications. We have a wide range of CNC turning fabricated parts and CNC milling fabricated parts which can be customized according to your request.

### Features:

Product Name: CNC Turning Milling Parts  
Processing Method: CNC Turning Milling  
Surface Treatment: Polishing, Anodizing, Zinc Plating, Etc.  
Material: Stainless Steel, Aluminum, Brass, Etc.  
Lead Time: 7-15 Days  
Product Size: Customized  
CNC Turning Manufactured Parts  
CNC Milling Manufactured Parts  
CNC Turning Machining Parts  
CNC Milling Machining Parts

### Technical Parameters:

Technical Parameter	Details
Surface Treatment	Polishing, Anodizing, Zinc Plating, Etc.
Processing Method	CNC Turning Milling
Shipping	Express, Air, Sea
Product Size	Customized
Drawing Format	PDF, IGS, STP, DWG, Etc.
Lead Time	7-15 Days
MOQ	1 Piece
Material	Stainless Steel, Aluminum, Brass, Etc.
Advantage	High Precision, Fast Delivery, Etc.
Tolerance	±0.01mm
Manufactured Parts	CNC Milling Manufactured Parts, CNC Turning Manufactured Parts
Fabricated Parts	CNC Turning Fabricated Parts, CNC Milling Fabricated Parts

### Applications:

CNC Turning Milling Parts – Ywy CNC202

Ywy CNC202 offers precision CNC turning milling parts for a wide range of applications, from automotive and aerospace industries to general purpose machining.

Ywy CNC202 parts are manufactured through CNC turning milling process, with high precision and fast delivery. It adopts various materials, including stainless steel, aluminum, brass, etc., to meet the customers' need. The package can be customized, such as carton and wooden case.

The CNC turning milling parts from Ywy CNC202 are widely used in automotive, aerospace, and other fields, such as for the manufacture of CNC turning manufactured parts, CNC turning process parts, and CNC turning fabricated parts.

### Customization:

Custom CNC Turning Milling Parts

We are a professional manufacturer of CNC Turning Milling Parts, with Brand Name **ywy**, Model Number **cnc202**, Place of Origin

**guangdonghuizhou.** Our CNC Turning Milling Parts are available in Customized Size, with Stainless Steel, Aluminum, Brass, etc. as material, and Polishing, Anodizing, Zinc Plating, etc. as Surface Treatment. We can achieve CNC Turning Process Parts, CNC Milling Fabricated Parts, CNC Turning Manufacturing Parts, and Tolerance of  $\pm 0.01$ mm.

**Support and Services:**

Technical Support and Service for CNC Turning Milling Parts

We provide technical support and service for CNC Turning Milling Parts to ensure customer satisfaction. Our team of experienced engineers and technicians can provide remote technical support and troubleshooting to ensure that your CNC Turning Milling Parts are running smoothly and efficiently. We also offer on-site service and maintenance for CNC Turning Milling Parts.

We can provide customized solutions to meet the specific needs of your CNC Turning Milling Parts. Our team of experts can provide comprehensive support and consultancy services, from initial design to production. Our commitment to customer service is unparalleled, and we are dedicated to providing the best service possible.
